WORK EXPERIENCE

Frontend Developer Intern | Innobrain Technologies

May 2026 – June 2026

- Built responsive web applications and intuitive user interfaces leveraging React JS, HTML5, CSS3, and JavaScript.
- Developed modular, reusable UI components to enhance application performance, interactivity, and design consistency across screens.
- Collaborated on frontend integration with backend services to deliver smooth end-to-end user experiences and optimized load times.

Tally Professional Intern | Tally

October 2023 – December 2023

- Managed core accounting records, day-to-day business transactions, and ledger reconciliations using TallyPrime.
- Prepared GST-compliant invoices and generated comprehensive financial summary reports for operational review.
- Assisted with GST filing procedures and TDS compliance processes to guarantee accurate financial reporting.

KEY PROJECTS

VaidyaKart — Online Medicine E-Commerce Platform

MERN Stack (MongoDB, Express, React, Node)

- Developed a full-stack medicine e-commerce platform with product search, categories, cart, wishlist, checkout, and order tracking.
- Implemented separate Admin Login and Admin Dashboard with role-based access control.
- Developed Admin features for Add, Edit/Update, Delete, and Manage medicines, including product details and image management.
- Implemented order management and status/location updates for tracking customer orders.
- Integrated RESTful APIs and MongoDB for managing users, medicines, and order operations.

E-Commerce Web Application

MERN Stack (MongoDB, Express, React, Node)

- Architected a scalable full-stack e-commerce web platform featuring dynamic product catalog filtering, user authentication, and shopping cart functionality.
- Integrated secure payment gateway APIs and optimized backend database queries to deliver smooth and responsive customer checkout workflows.

SmartQuiz — Online Quiz & Assessment App

Android, Java, XML, Firebase

- Developed a role-based quiz app for Teachers and Students with secure Firebase Authentication.
- Implemented quiz creation, class assignment, MCQ-based assessments, score calculation, and result tracking.
- Integrated Cloud Firestore for managing users, quizzes, questions, and results.

AI-Powered Resume Builder

MERN Stack (MongoDB, Express, React, Node)

- Architected a full-stack AI Resume Builder using MERN stack, incorporating secure JWT authentication and customizable templates.
- Integrated live preview functionality and automated formatting algorithms, reducing resume generation time by 30%.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Engineering

Madhuben & Bhanubhai Patel Institute of Technology

CGPA: 9.38 / 10
